SAFE TRACTOR OPERATION & MAINTENANCE CDE

PURPOSE
The Safe Tractor Operation and Maintenance Contest is designed to develop the ability of all FFA members to demonstrate the knowledge and ability as related to the maintenance and safe operation skills of tractors.

ELIGIBILITY
The participant must be an active member of a chartered Florida FFA Chapter and enrolled in grades 9, 10, 11 or 12. Each chapter may enter one participant.

EVENT PROCEDURES
FFA members are to wear OUTDOOR FFA Official Dress, and will be scored accordingly.

Drivers and judges will have a meeting prior to starting to outline the expectations for the event and ensure all drivers are aware of their surroundings.

EVENT SCHEDULE
The event will be held in three rounds: sub-district, district and state level competitions. Each chapter may enter one participant at the sub-district level with each sub-district forwarding their winners on to the district contest. The 12 district winners are then eligible to compete in the state contest.

INDIVIDUAL PRACTICUMS

KNOWLEDGE PRACTICUM

WRITTEN EXAM
Participants will complete a multiple choice written exam. The student must score 80% on the written exam safety portion (first ten questions of exam) in order to be allowed to compete in the remainder of the contest. The exam will be based on the subject of Safe Tractor Operations for Agricultural Employers.

ORAL QUESTIONS
Participants will answer oral questions related to tractor safety, operations, and/or maintenance and
related jobs; and tractor operation.

PERFORMANCE PRACTICUM

TRACTOR OPERATION

- The tractor should not have additional implements attached.
- The student is to drive the tractor to the implement, stop tractor, turn off tractor, dismount and attach implement to the tractor drawbar. The student will then drive through the course layout, returning implement to its starting point and then the tractor to the starting line.
- A two-wheeled trailer will be used (not a farming implement).
- Each student may take a 2-minute test drive with the implement, but not through the course.
- Safety belts must be worn by the student, only if the tractor is equipped with a ROPS.
- Time begins when the operator releases the clutch after the warm-up and is signaled from the judge in charge.
- Drivers must drive the outlined course.
- No assistance will be allowed in spotting.
- No running or jumping on the tractor is allowed.
- Three safety violations result in disqualification of the contestant at the discretion of the judges.
- Time ends when the tractor is unhitched and returned to the starting point with the engine stopped.

SCORING

The student with the lowest score sheet wins. Participants shall be ranked in numerical order on the basis of the final score to be determined by each judge without consultation. The judges’ ranking of each participant shall then be added, and the winner will be that whose total of rankings is the lowest. Other placings shall be determined in the same manner. (low point method of selection)

TIE BREAKERS

In the event of a tie in individualized scores, the following events will be used in order to determine award recipients:

INDIVIDUAL

1. Written Exam

AWARDS

Awards will be presented by the event host at Sub-District and District CDEs/LDEs. State finals awards will be presented during a designated session at the annual State FFA Convention and Expo.

Awards will be presented to the top three individuals at both Sub-District and District CDEs/LDEs and the top five individuals at the state finals based upon their rankings. Awards are sponsored by a cooperating industry sponsor(s) as a special project and/or by the general fund of the Florida FFA.
REFERENCES
This list of references is not intended to be inclusive. Other sources may be utilized and teachers are encouraged to make use of the very best instructional materials available. The following list contains references that may prove helpful during event preparation. Previous event materials may be available on the Florida FFA Website.

- Safer Tractor Operations for Agricultural Employers, posted on FloridaFFA.org
# SAFE TRACTOR OPERATIONS CDE

## PRE-WARM-UP

1. Failure to check water  
2. Failure to check oil  
3. Failure to check fuel

## STARTING ENGINE

4. Failure to check neutral position  
5. Failure to disengage clutch while starting engine  
6. Switch not turned on

## WARM-UP AND CLUTCH OPERATION

7. Failure to warm-up engine for period specified

## DRIVING

(No points deducted for the first three and one half minutes (210 seconds), however, seconds more than three and one half will be multiplied by one-fifth. If the student exceeds 10 minutes, the driver will be stopped.)

8. Time: Total Seconds:  
9. Number of pull ups to improve position (While backing into the shed or through the course.)  
10. Markers scraped (number)  
11. Markers moved or upset (number)  
12. Killed engine (number times)  
13. Grated gears (number times, does not apply to hydrostatic tractors)  
14. Rough clutch engagement (number times, does not apply to hydrostatic tractors)  
15. Failure to disengage clutch (number times, does not apply to hydrostatic tractors)  
16. Number of inches wheel off center when the tractor is stopped to detach trailer  
17. Number of inches trailer is + or - 4 inches from rear boundary  
18. Out of bounds (number times)

## SAFETY

19. Skidding or spinning wheels when starting (number of violations)  
20. Turning too short and fouling implement (number of violations)  
21. Operation of tractor at unsafe speed (number of violations)  
22. Moving tractor with brake set (number of violations)  
23. Failure to dismount to insert or remove drawbar pin  
24. Failure to bring tractor to complete stop and / or turn tractor off before dismounting  
25. Failure to lock brakes before dismounting to hook-up or unhook implement at finish line  
26. Excessive use of brakes (number of violations)  
27. Failure to wear safety belts (only if equipped with ROPS)  
28. Failure to mount/dismount properly (driver must face tractor, maintain three points of contact)

## TRACTOR OPERATION SUB-TOTAL

## TOTAL SCORE

- Written Exam (number missed)  
- Tractor Operation (number missed)  
- Oral Exam and/or Demonstration

## GRAND TOTAL (LOW SCORE WINS)
Stretch string between boundary stakes that are shown in Diagram.

All stakes will be spaced so that there is a 4” clearance in all directions including on each side of the widest part of the tractor.

Note: If combined length of tractor and trailer exceeds 22 feet, then 4 feet should be added to every boundary.
PHILOSOPHY

The National FFA Organization and Florida FFA Association are dedicated to organizing experiences that will meet the future needs of students while accomplishing the current purposes of agricultural education.

The primary goal of career and leadership development events is to develop individual college and career readiness skills through personal growth and premier leadership.

Individuals will be challenged to develop critical thinking skills, effective decision making skills, foster teamwork and promote communication while recognizing the value of ethical competition and individual achievement.

The activities in each event:

- Include problem solving, critical thinking and teamwork skills, where appropriate.
- Encourage appreciation for diversity by reducing barriers to participation among members.
- Develop general leadership and recognize individual and team achievement.
- Promote concentrated focus on future needs of members and society.

Career and Leadership Development Events should reflect instruction that currently takes place in the entire agricultural education program, including classroom instruction, laboratory instruction, instruction in leadership and supervised agricultural experience. Events are intended to be an outgrowth of instruction. Also, it is appropriate for the national organization and the state association to develop events and awards that stimulate instruction in emerging areas that reflect both current and future community, national and global workforce needs. Those events should be developed with significant input from FFA members, teachers, partners, respective industry sponsors and others involved in agricultural education. The National FFA Organization and Florida FFA Association continues to encourage accessibility and provide opportunities for achievement and recognition for students with diverse backgrounds.

Events that include team activities should be based on cooperation and teamwork while recognizing the value of competition and individual achievement. Where appropriate, team activities will be included that require two or more members from one chapter working cooperatively.
POLICIES & PROCEDURES
Violations of any of the following rules may be grounds for the event superintendent to disqualify the participants.

Florida FFA staff and event superintendents will use the published policies and procedures to organize and implement the Florida FFA Career and Leadership Development Events. Event activities may not be conducted due to lack of necessary materials, expertise or extreme impact to event budgets. Teams will receive the current event format prior to the event.

ELIGIBILITY OF PARTICIPANTS
Each participant must be a current dues paying member in good standing with the local chapter, state FFA association, and National FFA Organization for the school year during which the event is held (or the previous year).

The participant must be enrolled in Agriculture, Food and Natural Resources Education, and maintain a Supervised Agricultural Experience (SAE) program.

Note: Certain exceptions may apply as follows. If a student is unable to enroll in an agriculture course due to extenuating circumstance, such as program closure or scheduling problems, that student may maintain active membership status for up to one membership year by paying local, chapter and state dues and by maintaining a Supervised Agricultural Experience (SAE) program and active involvement with the local FFA chapter. This period of FFA membership will be terminated at the end of that membership year if the student does not re-enroll in a systematic program of agricultural instruction.

If a student moves to a different chapter once he/she has qualified as a chapter representative in a CDE/LDE that student may be allowed to compete in the state event with the school he/she qualified with during the qualifying year. Note: this only applies to LDEs held at State FFA Convention.

A member who is a former state winner, either individual or team, in a particular FFA CDE/LDE is not eligible to compete in that CDE/LDE area again, with the exception of teams/individuals who win on the middle school level and then compete in the same CDE/LDE on the high school level.

The student must not have previously participated in a National Career or Leadership Development Event of the same kind.

Florida FFA will only permit students in grades 9-12 to represent Florida at national Career/Leadership Development Events, with the exception of the Creed LDE and Conduct of Chapter Meetings LDE. Creed and Conduct of Chapter Meetings will be open for students in grades 7-9

In the event that one, two, or three members of a four member team are ineligible to compete in national competition, the advisor must substitute eligible members from the chapter to compete nationally. Members serving as substitutes will be ineligible for future competition in that contest or award program area.

Few exceptions will be made in the scheduling of events for teams participating in two events, which are held simultaneously. Prior notice must be given to the Florida FFA Association office for such consideration.

REGISTRATION
Pre-registration is required for all events at the sub-district, district and state level, unless
otherwise announced by the Florida FFA Association. Chapters should register at www.flaffa.org. Registration will open approximately four (4) weeks prior to the event and will close approximately two (2) weeks prior to the event, as published on the official Florida FFA calendar.

Following the close of registration, a list of registered teams will be distributed electronically. If a chapter’s name does not appear on the list as a result of registration error, notification must be made to the Florida FFA Office within twenty-four (24) hours or by the published deadline.

Chapters not properly registered will not be eligible for competition.

**DISQUALIFICATION**

A member or team may be disqualified from an event if:

- There is any communication, verbal or non-verbal, between participants during the event. The only exception to this would be communications between team members during the team activity portion of a given event.
- Any assistance is given to a team member from any source other than the event officials or assistants.
- Event superintendents stop any participants for manners they deem to be hazardous to themselves or others. Such action shall deem the individuals disqualified for that section of the event.
- Participants start the event and do not complete the event without notifying event officials at the time of departure. This can affect the overall team rank and position. In some events this will also disqualify the entire team.
- Participants utilize personal electronic communication devices, other than those approved by the event officials, during the entire course of the event. Participants who access personal electronic communication devices without prior approval of the event officials will be disqualified.
- Participant, team, advisor or coach gains access to real materials that will be utilized by the event committee during competition. Any team, participant, advisor or coach reported and proven to do so will be disqualified from the event.
- It is prohibited for an advisor or anyone else to register their members under another member or chapter name. If this rule is violated, the chapter(s) involved will be disqualified from the event.

**GENERAL GUIDELINES**

1. Advisors should properly instruct students how to participate in a CDE/LDE prior to arrival at the event (including judging card completion, contest expectations, etc.).
2. Contestants must provide their own pens, pencils, erasers, clip boards and other necessary items necessary for competition.
3. Late arrivals may be ineligible for competition. Decisions regarding participation will be made at the discretion of the CDE/LDE superintendent.
4. FFA members should be in official dress, appropriate to the event, and will be scored accordingly. (See Official Dress Scoring for details.)
5. All participants will be assigned to a group number and are to stay with their assigned group at all times or until told otherwise by the event superintendent or group leader.
6. All participants will be given an identification number by which they will be designated for the event. It is imperative that participants make sure that the identification they were assigned matches the identification number on their materials.
7. FFA members are strongly encouraged to eat a healthy meal prior to start of the event in addition to staying properly hydrated for the duration of the event.
8. FFA members and advisors should act in a manner that will reflect favorably on the FFA chapter and the school.
9. Advisors will be expected to assist in event facilitation (i.e. act as group leaders, room
monitors, proctors, etc.) as requested by the CDE/LDE superintendent.

10. If membership is questioned in any competitive event or award programs held above the chapter level, the advisor must then show evidence that state and national dues were paid by the member prior to the student having participated in that event or award program.

11. Upon notification from the state office indicating the chapter’s ineligibility, (i.e. the initial membership roster, dues and Quality Chapter Planning Guide have not reached the state office) all members in that chapter are ineligible for competition above the chapter level until the roster, dues and Quality Chapter Planning Guide are received in the state office.

12. Judging cards that are incorrectly completed (i.e. contestant number not shaded in, stray marks, etc.) will not be scored.

13. In the case that a team who has qualified at a qualifying event, not held at the State FFA Convention, notifies the State FFA Office, in writing, two (2) weeks prior to the Finals event that they are unable to compete, the State Association has the authority to allow the next qualifying team to participate.

14. In the case that a team/individual who has qualified at a qualifying event, held at the State FFA Convention, notifies the State FFA Office, in writing, thirty days prior to the start of convention that they are unable to compete, the State Association has the authority to allow the second place team/individual from that district or the next qualifying team/individual to participate.

15. Materials that have been used by chapters and coaches as resources for training purposes should not be presented in the same visual manner in the official CDE/LDE.

**TABULATION OF RESULTS**

1. At the conclusion of each event all completed cards will be delivered to the event coordinator for tabulation.

2. Event results will be posted the first business day following the event on the Florida FFA Association website at www.flaffa.org.

3. Team scores and team names will be posted rank order as well as the names of the winning team members and high individual. Individual team results will also be provided at this time.

4. State CDE/LDE results are considered unofficial for (2) business days following publishing. It is the responsibility of the FFA Advisor to request and review individual team results. Any appeal must be made to the FFA Executive Secretary in writing for necessary adjustments to be made. At the close of business on the second business day following publishing, results will be official.

5. Sub-District and District CDE/LDE results for individual and team events are to be considered final as announced onsite at each event location.

6. Completed cards and testing materials of individual and team participants will not be returned for local, district or state competition.

7. For events with subjective scoring, participants shall be ranked in numerical order on the basis of the final score to be determined by each judge without consultation. The judges’ ranking of each participant shall then be added, and the winner will be that whose total of rankings is the lowest. Other placings shall be determined in the same manner. (low point method of selection)

**OFFICIAL JUDGES**

Official judges for each event will be selected by the CDE/LDE Superintendent or his or her representative. Careful consideration should be given to select qualified and competent judges.

Guidelines for Official Judges include:

- Official judges should make their placing in the same manner as is required of contestants with respect to handling specimens or animals.
- Official judges will give their completed official placings and scores to the event coordinator.
- Placings by the official judges must be kept confidential until the event is completed and
Competitive event policies & procedures

Public announcements are made.

- Judges of Leadership Development Events are encouraged to use official comment cards provided to offer feedback to individual contestants.
- Current FFA Advisors are not permitted to serve as judges with the exception of the state Parliamentary Procedure LDE and/or other events which require certain expertise and as deemed appropriate by the event superintendent and Florida FFA Association.
- Judges decisions are considered final.

Advisor Attendance

As a matter of policy set by the Board of Directors of the Florida FFA Association, it is required that an advisor or other school district approved representative accompany all students to, from and while attending any Florida FFA event or activity. In the event that the advisor is unable to attend, a school district representative must be appointed by the school principal or superintendent and permission must be provided in writing to the Florida FFA Association. In the event that this policy is not followed, the student(s) will not be permitted to attend the event.

Rules & Revisions

As a matter of policy set by the FFA Board of Directors, authority is given to State FFA Staff to make technical revisions to Career and Leadership Development Event rules as necessary.

In addition, Board Policy directs CDE/LDE superintendents to follow CDE/LDE rules as closely as possible while also allowing the CDE/LDE superintendent the flexibility to make adjustments as necessary based on availability of resources.

Accessibility for All Students

All special needs requests and appropriate documentation must be submitted at the time of registration.

Honesty and Integrity

Florida FFA expects students to be honest in all of their work, including work outside of the classroom related to Career Development Events (CDE) and Supervised Agricultural Experience (SAE) programs. By participating in a competitive event, FFA members, advisors and proctors agree to adhere to high standards of academic honesty and integrity and understand that failure to comply with this pledge may result in disciplinary action, up to and including event disqualification, loss of Quality FFA Chapter Status and termination of active FFA membership.

As an integral component of school-based agricultural education, FFA is obligated to report cases of student, teacher, chaperone or proctor dishonesty to the school district.

All FFA members and advisors have an ethical obligation to adhere to the Honor Code and are required to abide by the following Academic Honesty Policies:

I. By registering for or participating in any FFA event, FFA chapter representatives, including students and adults, agree to adhere to the following academic honesty code. FFA chapter representatives that do not agree to this policy should not register or participate. I understand that FFA expects its students and teachers to be honest in all of their work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action, up to and including event disqualification, loss of Quality FFA Chapter Status and termination of active FFA membership.

II. The conduct set forth hereinafter constitutes a violation of the Academic Honesty Policies. Those adjudged to have committed such conduct shall be subject to discipline. Violations of the Honor
Code and Policies include but are not limited to the following:

**CHEATING**
The improper taking or tendering of any information or material which shall be used to determine academic or competitive credit. Examples include but are not limited to the following:
- Copying from another student’s test or materials.
- Allowing another student to copy from a test or materials.
- Using unauthorized materials during a test, such as the textbook, notebook, formula lists or notes, including those stored in a calculator or other electronic device.
- Collaborating during an event or activity with any other person by giving or receiving information without authority.
- Having another individual write or plan a paper, including those bought from research paper services.

**PLAGIARISM**
The attempt to represent the work of another, as it may relate to written or oral works, computer-based work, mode of creative expression, as the product of one’s own thought, whether the other’s work is published or unpublished, or simply the work of a fellow student or teacher.

When a student submits oral or written work that includes the words, ideas, or data of others, the source of that information must be acknowledged through complete, accurate, and specific references, and, if verbatim statements are included, through use of quotation marks as well. By placing one’s name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgements. A student will avoid being charged with plagiarism if there is an acknowledgement of indebtedness. It is the FFA advisor’s responsibility to monitor and have an accurate understanding of the source of the students work.

Examples include:
- Quoting another person’s actual words.
- Using another person’s idea, opinion, or theory, even if it is completely paraphrased in one’s own words.
- Drawing upon facts, statistics, or other illustrative materials — unless the information is common knowledge.
- Failing to accurately document information or wording obtained on the internet.
- Submitting anyone else’s work as one’s own work.
- Violating federal copyright laws, including unauthorized duplication and/or distribution of copyrighted material.
- Offering, giving, receiving or soliciting of any materials, items or services of value to gain competitive advantages for yourself or another.

**BRIbery**
The offering, giving, receiving, or soliciting of any materials, items or services of value to gain academic advantage for yourself or another.

**MISREPRESENTATION**
Any act or omission with intent to deceive an event official for competitive advantage. Misrepresentation includes lying to an event official or misstating the facts to increase your competitive standing.

**CONSPIRACY**
The planning or acting with one or more persons to commit any form of academic dishonesty to gain competitive advantage for yourself or another.

**FABRICATION**
The use of invented or fabricated information, or the falsification of research or other findings with
the intent to deceive for competitive advantage.

Examples include:

■ Citing information not taken from the source indicated.
■ Listing sources in a Works Cited or reference not used in the academic exercise.
■ Inventing data or source information for research or other academic exercise.
■ Submitting any academic exercise as one’s own prepared totally or in part by another, including on-line sources.
■ Taking a test for someone else or permitting someone else to take a test for you.

COLLUSION
The act of working with another person on an competitive undertaking for which a student is individually responsible. Unless working together on an individual practicum has been prior approved, it is not allowed. On team practicums, students must stay within the guidelines set by the event coordinator. If the event coordinator provides additional guidelines, they must be followed. Failure to do so also constitutes a violation of these Policies and Rule.

COMPETITIVE MISCONDUCT
The intentional violation of integrity by tampering with scores or taking part in obtaining or distributing any part of a test or practicum.

Examples include:

■ Stealing, buying, downloading, or otherwise obtaining all or part of a test and/or test answers without authorization.
■ Asking or bribing any other person to obtain a test or any information about a test.
■ Changing, altering, or being an accessory to changing and/or altering of an exam response or a grade recorded.
■ Continuing to work on an examination or practicum after the specified time has elapsed.

IMPROPER COMPUTER/CALculator USE
Examples of improper computer and/or calculator use include but are not limited to:

■ Unauthorized access, modification, use, creation or destruction of calculator-stored or computer-stored data and programs.
■ Sharing a calculator or computer while leaving answers on display or in memory.
■ Submitting a duplicate printout with only the student’s or chapter’s name changed. This applies to all FFA events, awards and activities.

IMPROPER ONLine TESTING USE INCLUDE:

■ Having or providing unauthorized outside help when completing online assessments.
■ Obtaining access to confidential test materials or questions before online assessments.
■ Agriculture Teachers being in the room during online testing and/or certification.
■ Proctors must not administer tests to their family members.
■ Taking a test for someone else or permitting someone else to take a test for you.

NOTE: A third-party designated proctor must administer all FFA related exams and certifications. Third-party proctor must have received notification of and agree to these policies and may be required to submit documentation certifying the integrity of the online exam process. A third-party proctor cannot be the agriculture teacher(s). Examples of acceptable third-party proctors include: school administrators, computer lab coordinators, media specialists, guidance counselors, testing coordinators, teachers not affiliated with the agriculture program, other non-instructional school or school district officials.

DISRUPTIVE BEHAVIOR
Each chapter representative’s behavior during an FFA event or activity is expected to contribute
to a positive learning/teaching/competitive environment, respecting the rights of others and their opportunity to learn or participate. No chapter representative has the right to interfere with this process, including the posting of inappropriate materials on social media sites.

FFA event officials have the authority to ask a disruptive chapter representative to leave the event or activity and will report the incident as appropriate.

**ELECTRONIC DEVICES**

The use of cell phones or other electronic devices are not allowed during any FFA competitive event or activity, unless prior approval is given from the event coordinator.

OFFICIAL DRESS

FFA OFFICIAL DRESS
The uniform worn by FFA members at local, state and national functions is called Official Dress. It provides identity and gives a distinctive and recognizable image to the organization and its members. Official Dress has been worn with pride by millions of FFA members since 1933.

OFFICIAL DRESS FOR A FFA MEMBER INCLUDES:

- An official FFA jacket zipped to the top
- Black slacks or black skirt
- White collared blouse or white collared shirt
- Official FFA tie or Official FFA scarf
- Black dress shoes with a closed heel and toe
- Black socks or hosiery

Note - official garb of recognized religions may be worn with official dress

Note: the skirt is to be at least knee-length, hemmed evenly across the bottom, with a slit no higher than two inches above the knee, excluding the kick pleat. Black slacks may be appropriate for traveling and outdoor activities as outlined in the safety exceptions.

SAFETY EXCEPTIONS
In extreme condition such as heat or inclement weather students may be asked to remove their FFA Jackets, ties and scarves.

Due to the nature of the event, some events do not require Official Dress. Participants should refer to the event rules for specific clothing instructions for the following events:

- Agricultural Technology and Mechanical Systems
- Meats Evaluation
- Veterinary Assisting

Additional safety exceptions include:

- Rubber boots may be worn during Land Judging. If desired, student can change footwear following Official Dress check prior to the start of the event.

Note: Points will not be deducted in cases where FFA jacket was unavailable (new members, middle school members, etc.) and all other official dress criteria is followed.

Note: Black Jeans are acceptable for Outdoor Events.

Note: Dark black or brown shoes/boots are acceptable for Outdoor Events and when black dress shoes are not available.

Note: Students will not be asked to reveal garments that are not otherwise visible. If socks are completely covered by pants and shoes, full points will be given.

Note: Solid navy or black scarf/tie is acceptable when official FFA scarf/tie is not yet available.
